

# THINK RAISBECK

THE LEADER IN KING AIR PERFORMANCE.  
LIFETIME SUPPORT—FROM PEOPLE WHO CARE.

## THERE'S NO BETTER WAY TO LEAVE YOUR HANGAR.

Raisbeck's *EPIC* Performance Systems enable King Airs to access across-the-board improvements in FAA-Certified performance. Benefits include shorter takeoff and landing distances, increased climb rates and cruise speeds, increased gross weights, reduced operating costs, higher resale value and more!

Raisbeck offers performance systems for every model of King Air ever produced and in production, with Quiet Turbofan Propellers undergoing certification for the new C90GTi and B200GT. Performance benefits vary by aircraft model.
