

King Air B200 EPIC Gold Balanced Field Length

Allowable Takeoff Weight Comparison Raisbeck EPIC B200 vs Factory B200 (SEA LEVEL / ISA / FLAPS UP)

CONCLUSION: At 16°C (61°F), a B200 equipped with Raisbeck's EPIC Gold Performance Package can safely take off with about 2,300 lbs more fuel/passengers/cargo than a factory B200.

*Raisbeck performance data per 14CFR Part 25 and FAA AC25-7.
All data from FAA-approved flight manuals.*
